Profile

Senior designer with experience in different industries. Started many years ago as a graphic designer for print I gradually refined my skills for the web world to eventually work as a UI designer in the last 3 years. Highly passionate about typography and layout. Supported by well grounded design principles, I have the ability to carry out a project from the creative brief to its final production. Always proactive and passionate in any task I undertake. I pride myself on having a supportive attitude, strong attention to detail and organisational skills.
